## xpressyourself Workshops for Young People

Stop-motion animation, podcasting or cell phone video clips – during February and March, the Ars Electronica Center has some really great workshops on tap for creative youngsters age 14 and up.

Playful experimentation is on the agenda at the Ars Electronica Center February 23-25 and March 8-10. Workshops teach you how to produce animated films, podcasts and cell phone video clips, and give free rein to your imagination in doing so. You get all the knowledge and skills you need! Tuition is 5 euros, which includes a tour of the Museum of the Future. Please **pre-register** by calling 0732/7272-0 or via e-mail to [center@aec.at](mailto:center@aec.at). Additional information about the individual workshops as well as the current exhibitions in the Ars Electronica Center is available online at [www.aec.at/center](http://www.aec.at/center).
