

VOID SPACE I, II, III VALIE EXPORT

INVAGINATION (1993)

By having a look through new models — "in silico" as well as "in vitro" — of old dreams a puppeted foreign body awaits us at the end of these enterprises. The desire to tear open the invisible offers itself as transparency of the sciences. Probably wheelings and dealings are to blame for the equation of knowledge and power. Everyone agrees that

RESPONSABILITY

response

sponse (word) should be written with a capital. But who takes it on?
