**The Joy Ride Park**

The Joy Ride Park is an interactive 3D web page with the latest multimedia web streaming stuff like voices, sounds, music, VRML 97 and (Superscape) SVR Virtual Worlds, Quick Time 3.0, Shockwave, QTVR panorama movies, 3D animations and Java&#153;. The project is a part of the multimedia installation titled Third American Empire which contains also paintings and sculpture and it is unique conceptual art work which is crossing boundaries between the diverse art forms and includes the artist's humorous and critic commentary about the present situation in the arts, culture and the global social field.

The project is going to be realized in part within the Ars Electronica Research & Residency Program and with support of The Austrian Federal Ministry — Department of the Arts — in Vienna and KulturKontakt Austria.
