IN POSTCITY

POSTCITY is the main festival venue. This is the location of most conferences, workshops, guided tours, symposia and exhibitions. The *AI-The Other I* exhibition, the *AI-The Other I* symposium, the Future Innovators Summit, the BR41N.IO Hackathon by g.tec, as well as u19 - CREATE YOUR WORLD, the Future Festival of the Next Generation. The Opening, the Nightline and the Big Concert Night will also take place here.

IN DOWNTOWN LINZ

The CyberArts Exhibition and the Prix Forums (artists' talks) in the OK Center for Contemporary Art showcase outstanding works singled out for recognition by the 2017 Prix Ars Electronica, the world-renowned showcase of excellence in media art. Films honored in the Prix Ars Electronica's Animation category will be screened at the Animation Festival at CENTRAL / Movimento. Linz's Mariendom/St. Mary's Cathedral will be a festival location once again this year.

ALONG THE DANUBE

There's a new VRLab in the Ars Electronica Center, Hauptplatz/Main Square is the site of the Campus Exhibition at the University for Art and Design, the Brucknerhaus is hosting the Prix Ars Electronica Gala, the work of the Featured Artist Time's Up is installed in the LENTOS Art Museum, and the Anton Bruckner Private University is staging events and conferences on digital music and sound art.
