

## For Seniors: Come Closer! When Technology Approaches Our Body

Friday, July 6 & 20, 2012 / 2-3 PM / Ars Electronica Center

(Linz, July 4, 2012) Every first and third Friday of the month, the Ars Electronica Center offers themed tours designed with seniors in mind. On July 6 & 20, visitor will learn some amazing things about imaging and diagnostic procedures involving microscopes, magnetic resonance technology and DNA analysis.

### Biolab

There's a lot to discover at the Ars Electronica Center's BioLab. State-of-the-art microscopes provide glimpses into worlds that are usually hidden from the naked eye. Plus, fascinating workshops offer ideal settings for do-it-yourself experiments like cloning plants, investigating cells and analyzing your own DNA.
