(Linz, 13.1.2020) Fantastic visual worlds in harmony with music await visitors to Deep Space LIVE Thursday evening, January 16, 2020. 7:00 p.m. is the starting point for a unique concert by the musicians Sabine Reiter (violin), Barbara Körber (cello) and Suyang Kim (piano) under the motto Fata Morgana. The impressive visualizations are by Marlene Reischl, Christian Philip Berger and Joachim Smetschka from the University of Art and Design Linz. Deep Space 8K, with its 16 by 9 meter wall and floor projections, provides an immersive setting for this interplay of music and visualization, in which traditional concert conventions are dissolved.
