## Deep Space LIVE: Haipl & Knötzl

THU February 13, 2020 / 7 p.m. – 8 p.m. / Deep Space 8K

(Linz, 10.2.2020) Absurd humor and lots of racket await visitors to the Ars Electronica Center Thursday evening, February 13, 2020: Clemens Haipl and Herbert Knötzl, known for more than 20 years as the main project managers of the radio show Projekt X, will be guests on Deep Space LIVE with their program "2 are unstoppable" after a long break from the stage. At the centre of the whimsical evening are everyday scenes from the world of pet shops as well as historical dramas, which are intensively processed in dialogue and dance. Start is at 7 p.m.

### About Haipl and Knötzl

Clemens Haipl and Herbert Knötzl are among the key figures in recent Austrian radio and humour history. Since 1995, the two of them have been the main project managers of the legendary FM4 show "Projekt X", providing cult-curious late night radio entertainment. When the gentlemen swap the radio studio for the stage, the audience expects incomparably quirky cabaret, influenced by Anglo-Saxon humour and a lot of courage for improvisation.

### Deep Space LIVE

Every Thursday, 7 p.m. (except public holidays), the Ars Electronica Center invites you to a Deep Space LIVE. High-resolution images in 16 by 9 meter format will be combined with expert commentary, entertaining double conferences and musical improvisation. Whether it's art-historical tracing, space flight, a voyage of discovery into the nanoworld or a LIVE concert - Deep Space LIVE stands for enlightening entertainment amidst impressive visual worlds. Admission costs €3. With a valid museum ticket, the visit is free of charge.
